Your challenges,
our innovation.

InLeit HP vanilla pudding 2kcal/g

With LeitUp M90D

High-protein dessert

Our vanilla pudding is specifically formulated for **clinical nutrition**, combining essential health benefits with a **smooth, creamy texture** and consistent quality in every serving.

Developed with **LeitUp M90D**, a functional native milk protein obtained through gentle filtration, this high-protein pudding meets the nutritional needs of patients requiring additional protein intake. Its **creamy texture and high protein and calcium content**, supports muscle maintenance and bone health, while **stable shelf life** ensures long-term convenience.
