

# Cookies with MPP

## Healthier choice

Lower sodium vs traditional cookies.

## Milky flavor

No off-notes like in whey permeate.

## Enhanced browning

Good spreading of the cookie dough

Your challenges,  
our innovation.

# Cookies With MPP

## Our solutions to your challenges

MPP is a perfect ingredient for cookies. Our MPP contains 85% lactose which enhances browning and its mineral-rich profile allows **reducing sodium making it a "better-for-health" choice**. Besides, it can be an excellent replacer for skimmed milk powder. "One-to-one replacement" **contributes to ingredient cost reduction** while retaining certain benefits of dairy ingredients.

### Nutritional Value (per 100 g)

|   |               |
|---|---------------|
| Energy (Kcal)                           | 405           |
| Fat (g) / of which saturated (g)        | 16,8          |
| Carbohydrates (g) / of which sugars (g) | 58,3/<br>58,3 |
| Proteins (g)                            | 5,4           |
| Salt (g)                                | 0,1           |
| Sodium (mg/100g)                        | 0,1           |
| Calcium (mg/100g)                       | 60            |
| Magnesium (mg/100g)                     | 19            |
| Phosphorus (mg/100g)                    | 109           |
| Potassium (mg/100g)                     | 38            |

### Ingredients

Wheat flour, unsalted butter (milk), brown sugar, eggs, sugar, InLeit milk permeate, baking powder, vanilla flavor.
